Use of Stone in Building Course 2016

Thistle Euston Hotel, London
13 October 2016

Introduction

This popular course gives an overview and general knowledge of the design and use of natural stone and takes account of the current needs of those involved in specifying and working with stone. The course gives delegates assistance in selecting and using natural stone in many different ways.

Areas covered:

- Geology of stone, including selecting and quarrying
- Stone testing, British and European Standards and CE Marking
- Detailing of stone, including working drawings and fixings
- Masonry and architecture, including external masonry and rain screen cladding
- Use of stone in wet environments - swimming pools and wet rooms
- External paving
- Stone for interiors
- Ethical sourcing, environmental and sustainability of stone

The course is suitable for qualified and trainee architects, designers, specifiers, surveyors, planners, those who have recently entered the stone industry trade and others who wish to achieve a better understanding of natural stone and its use.

timetable

08.45

Registration

Coffee/tea and biscuits.

9.00 - 09.10

Introduction

David Ellis, Course Chairman.

location

Thistle Euston Hotel London, Cardington Street, Euston London NW1 2LP

To reach Thistle Euston by road...

From the Euston Road (A501), turn into Melton Street (on the west side of the station), which becomes Cardington Street; Thistle Euston is situated on the left. To programme your sat-nav, please use the postcode NW1 2LP.

If you're coming to Thistle Euston by rail...

London Euston mainline and underground (Northern and Victoria lines) stations are a 200 metres walk from the hotel.

From the London airports...

From London Heathrow, the Heathrow Express runs direct to London Paddington in just 15 minutes (20 from Terminal 5), with a train every quarter of an hour. The Gatwick Express runs a similar service into London Victoria from London Gatwick.
