

This is a unique opportunity for you and your operatives to learn from experts at first hand how to design and install natural stone floors.

Design and Installation of Natural Stone Flooring

13 June 2013

Danubius Hotel Regent's Park, London

CONTENT

This is a unique opportunity for you and your operatives to learn from experts at first hand how to design and install natural stone floors. The speakers have between them many years experience and can share their wealth of knowledge with delegates.

Latest guidance and advice covering all aspects of stone selection, design, installation and maintenance will be explored.

The course will set out details of the latest British and European Codes and Standards.

The requirements of the Building Regulation parts M, K & L and the constraints imposed by Regulation 12(2)(a) Workplace (Health, Safety and Welfare) Regulations will be covered.

The speakers will form a technical panel at the end of the event to answer questions and those attending will receive a certificate of attendance and a complimentary copy of the Code of Practice for the Design and Installation of Internal Flooring (usual price to members £30).

WHO SHOULD ATTEND

The day is aimed at all of those involved in all aspects of stone flooring and will benefit the following:

Contractors

Estimators

Quarriers and producers

Designers

Installers

Cleaning and maintenance contractors

Timetable

09.30 - 09.40am Coffee and registration.

Collect your badge, course pack and meet your fellow delegates.

09.40 - 09.55am Introduction.

David Richardson, Group Director, Building Technology Group at BRE and Chairman of Stone Federation's Technical Committee, will be the Chairman for the day and will welcome delegates and give a brief overview of the seminar.

09.55 -10.40am Peter Harrison, Director of Harrison Goldman Design Consultants Ltd and Deputy Chairman of Stone Federation's Technical Committee will talk about Product Standards.

Peter will also give an introduction to workmanship on building sites.

10.40 -10.55am Coffee break.

10.55 -11.45am Alex Stables, Stone Federation Past President, will talk on laying stone, the contractor's experience, consider latest guidance on stone adhesive and stone on timber floors.

11.45 -12.15pm Cyril Potter, Chief Chemist of Ardex UK Ltd will give a talk on adhesives and grouts.

12.15 -12.40pm Ian Knifton, Technical Manager of Schlüter-Systems Ltd will give a talk on de-bonding membranes with underfloor heating over timber substrates.
