

AMARESTONE

...love stone

REQUIREMENTS:

- Luxury ensuite bathroom with shower tray made from a single slab of stone, bath surround and matching floor and wall tiles
- Antiqued marble flooring with underfloor heating to enable year-round use of new conservatory
- Marble for pool complex (to be in keeping with traditional oak-framed building) including: large tiles for pool lining (resilient against the chlorination system), pool surround, adjacent gym, shower room and changing rooms

SOLUTION:

- Bespoke shower tray and bath surround crafted by our stone masons from slabs of same marble as tiles
- Conservatory floor insulated with Marmox boards to maximise the efficiency of the electric underfloor heating system
- Pool lined with bespoke size tiles using specialist fixing materials and treated with Fila stone impregnator to withstand effects of chlorination
- Pool surround and coping made to order by the quarry with final finishing by our stonemasons
- Adjoining rooms tiled to match

"I have been using marble supplied by Amarestone on a project over the last year. Their deliveries are on time and you get personal service with a smile – what more can you ask"

Vicky Farren, Interior Designer, Oxfordshire
