

# CLIVEDEN CONSERVATION

*For the Conservation of Statuary, Masonry, Wall Paintings & Decorative Arts.*

## **Career Opportunities: Project Management (Stone Masonry, Plaster and Decorative Arts).**

Cliveden Conservation Workshops are looking for experienced project managers with a background in their chosen craft, be it stone masonry, decorative and traditional lime plaster or the conservation of the decorative arts.

Candidates must demonstrate an excellent level of competency, proven track record of experience on heritage projects and the ability to manage a number of projects simultaneously. They will be commercially aware, adept at setting and maintaining budgets whilst ensuring that the highest standards of work are met. They will be driven to secure new business and able to build on a network of contacts within the wider industry.

They must be proficient in the use of Microsoft Office suite of programmes including preferably Microsoft Project and CAD.

Ideally they will be based in London or the South East. Driving licence and car essential with a competitive salary offered to the right candidates.

Applications to the Stone Section Manager, Lewis Proudfoot.
