

We currently have two vacancies for applicants wishing to build a career with our Company. Our works are based in London and our workshop is in Essex.

Site Supervisor:

Preferably holding current SSTS certificate and a sound masonry background. Competitive rate of pay and benefits. Applicants will be considered for those with suitable site experience who wish to be trained and developed in the site supervisor role.

Site Manager:

Holding SMSTS as a minimum preferably black CSCS card holder. Background in masonry contracts dealing with commercial and H&S site requirements on varying contracts across London.
